IChemE

Career support

How IChemE can help

Job-hunting and placements

- *The Chemical Engineer*
- member groups & SIGs
- social media
- accredited company training schemes (ACTS)
- careers support and resources
- expectation from industry

The screenshot shows the homepage of 'The Chemical Engineer jobs' website. The header includes the site name, navigation links (Find a job, Search recruiters, Job alerts, Post a job, Upload a CV, About us), and user options (LOG IN, SIGN UP). The main banner features a large image of an industrial plant with the text 'Find your next job' and 'Browse all our current vacancies'. Below the banner is a search bar with 'Keywords' and 'Location' fields, and a 'Find Jobs' button. The IChemE logo is prominently displayed, along with the tagline 'Chemical and process engineering jobs, brought to you by the Institution of Chemical Engineers.' The 'Latest Jobs' section highlights a job listing for 'Operations Director' at 'KOIZEN', dated 30 May, 2023, and marked as 'FEATURED'. The job description includes a salary of 'Six-Figure salary (+ excellent benefits package)' and details about the client's business. To the right, a 'Jobs by Category' table shows 95 jobs in 'Biochemicals / Pharma...' and 119 jobs in 'Chemicals'.

Jobs by Category	Count
Biochemicals / Pharma...	95
Chemicals	119

IChemE ACTS companies

- Accredited Company Training Schemes
- high-quality, relevant graduate training
- broad range of sectors
- work towards Chartered status
